(Be sure to right click and ‘save image as’!)

TIP: To avoid formatting issues when pasting text into the FMG email or blog builder, first paste the text into a plain text editor like WordPad or TextEdit. Then, copy it again and paste it into the FMG tool. This removes unwanted formatting. Keep in mind, if you decide to sign up for ‘Do It For Me,’ you will have a dedicated concierge who can send these communications out on your behalf!
